

## SOLDIERS GETTING DOWN TO HARD WORK TODAY

First Battalion New Mexico National Guard Draw Up for Drill This Afternoon. Captain King Overcome.

**(Special Telegram to Evening Herald)**  
Santa Fe, July 18.—More than four hundred members of the New Mexico National Guard are in camp this afternoon. The arrival of the five companies from the east and south sending the population of the first city away. The camp already has a settled appearance, the equipment having been placed in shape in quick time. The first battalion was drawn up for an evening drill this afternoon, being reviewed by Major William Lindberg.

Captain Norman L. King, of Company F, Santa Fe, was the first man to go to the camp hospital, having been overcome by the heat this morning.

Officers of the guardmen from Albuquerque and Santa Fe are tasting the discipline of regular army life today. The men turned into a bunch at 8 o'clock last night and went to town, proceeding to have a "good time." They were absent without permission. Today they are doing police duty.

The companies in camp thus far are: Company E, of Santa Fe, sixty men; Company F, of Santa Fe, thirty-five men; First Regiment band of Santa Fe, twenty-six men; Company G, of Albuquerque, forty-seven men; Company L, of Thosmico, thirty men; Company H, Las Vegas, thirty-seven men; Company B, Carlbad; Company G, Artesia; Company K, Clovis; Company A, Las Cruces; Company D, Silver City.

## M'COLLUM TAKES A BIG TUMBLE

Well Known School Man Back From the Pecos County With His Arm and Head in Slings.

J. B. McCollum, principal of the Fourth Ward school, has returned from a brief visit of two weeks to the Upper Pecos country. Ordinarily an anomalous feature that would be found in the Pecos is of only passing interest. But Mr. McCollum has had a great deal of valuable experience while he was away and will be in condition to begin school work in full. Besides catching 365 speckled trout, Mr. McCollum took a tumble from a bronco. When he was picked up by kind friends, it was discovered that he had sustained a broken arm and badly bruised and cut head. Mr. McCollum is keeping quiet about the particulars. He is afraid people will not believe how it happened.

## BROWN EXPRESSES

(Continued from Page One.)  
not President Taft but stubborn and bigoted senate that was responsible for the extra session." He defended the president from charges that he was taking too much part in legislation.

"I honor the day when any president exerts his executive as well as legislative power," he said. "These presidents were greatest who exercised to the fullest their legislative as well as their executive power."

The reason for this is that the legislative branch of the government, for some reason or other has been a disappointment to the people who run the government. The people have depended in every emergency and most times without disappoint-

ment, upon the better character and abilities of the executive.

Senator Bryan said that when he found himself alone, when he described as the "heat of the summer" and the "enthusiasm of popular masses" equating the measure, to the same of aim for the sake of the interests of this country, I began to think that there must be something in the bill which might be something in the favor and expense of many homes now in this country."

This bill, he continued, for the construction of a new tariff system which will put an end forever, I hope to unnecessary and excessive duties.

### SMITH INTRODUCES HIS WOOL TARIFF

Washington, July 18.—Senator Smith of Utah today introduced his wool tariff bill, which is expected to have the support of the Republicans in the Senate. Any wool revision is agreed upon. He said his bill was not an "administration measure," but represented his own views of what reduction could be made in wool imports without destroying American industries.

Senator Clark of Wyoming asked Senator Smith if he thought the Senate would pass any wool tariff, before it received the report of the tariff board. Mr. Smith replied that he hoped not but that statements made by Republicans in the reception of the Senate's revised wool tariff revision. He offered no bill as a substitute for the Underwood and La Follette bill.

The bill provides for a general reduction in wool and woolens, but does not go so far as either the House bill. It fixes the same rate on first-class wool, that the La Follette bill makes so long as that class maintains the price of 25 cents a pound, but as the rate is specific the protection is made variable as it is under the ad valorem system of the Wisconsin senator. It retains higher duties on woolens than are provided by the La Follette bill.

The Smith bill considers the classifications of the present law on the three classes of wool. Instead of a rate of 15 cents a pound on first class wool in the grease and 12 cents on second class, a rate of 7 cents a pound is provided on both classes. On washed wool of both classes the rate is doubled and on scoured wool trebled.

On third class wool the rate is fixed at 4 and 7 cents instead of 4 and 5 cents.

The "shearing clause" of which much complaint has been made by the wool growers is eliminated. Garnetted waste is reduced from 50 to 25 cents a pound.

The compensatory duties are levied upon the same principles as in the present law, with many reductions in the additional protective ad valorem duties.

### PERSONALS.

The board of education is now receiving bids for the construction of a cement sidewalk on the east and west sides of the Third ward school. The work is to be completed before September 1. When the new walks are built the Third ward will have cement walks all around the school and kids with roller skates will have a great time skating on the pavement.

The police department last night was asked to assist in a search for John Elvin Sevier, stepson of James Sevier a bachelor. Jimmie is 19 years old. Yesterday he went to the Methodist picnic south of town, dissociating his parents, who thought he was too young to attend such a celebration. Whether Jimmie is actually lost, or whether he is residing with some kind hearted farmer in the south country, tearing parental wrath, is a matter of conjecture. If anybody has seen or heard of Jimmie, the police and his parents will be glad to receive the information.

**SPAIN MUST MAKE AN IMMEDIATE APOLOGY**

(By Evening Herald A. P. Leased Wire)

Paris, July 19.—The press continues exercised over the arrest of M. Buisset, the French consul at Agadir, Morocco, by a Spanish patrol, and demands that Spain make immediate reparation and public apology.

The Echo De Paris declares that unless Spain apologizes the French ambassador at Madrid will be recalled. Some of the newspapers, like the Times think that the Spanish provocative attitude is due to the feeling that she is being ignored in the pending Franco-Spanish negotiations.

Employment found for 12.

Number of War Cray sold, 750.

Number of Young Soldiers sold, 400.

Income \$125.00.

Balance on hand, \$1.41.

The entire income with the exception of \$8.87 for board of two officers, has been used in paying off debts which have been reduced to \$245.99 at present date.

A word to the public about this debt. General Booth says in orders and regulations: "Debt is a great evil, it destroys a man's peace, makes him feel like a slave, has a bad effect upon his example and an unfavorable influence upon those who are without. For a Corps to be in debt is a serious evil, being for various reasons a hindrance to its prosperity and is more or less an injustice. The burden of it often falls on those who have had no share in incurring it."

In 20 years I have never made a debt, but helped pay off a good many well meaning persons self the Army on time—mainly as a help, but in even instance I have found it a hindrance to its progress. My advice is don't get it. This debt is the rent and improvements. While there are many worthy calls, I am sure the Salvation Army work is needed here among all classes. A small amount from each would put us on our feet and I guarantee to give value received in the work here. I have ordered Spanish and Italian War Cray to sell her.

## MANY PEOPLE ARE FILING ON LAND NEAR SAN RAFAEL

Bluewater and Grants Rave Sent in Frequent Requisitions For Placer Claims Blank Filing Forms.

That the recent report of a strike of oil near San Rafael in Valencia county, N. M., has some foundation is believed by a number of Albuquerquians. It is known that various people residing in Bluewater and Grants both towns on the Santa Fe railroad some distance from the San Rafael country, have sent to this city in places claim about filing forms. It is believed that the Bluewater and Grants people have several parties investigating the report of the oil find and are going to locate some land for themselves.

The Mississippian people who are drilling near San Rafael have "covered up," and are not giving out any information to the public.

Dr. De Kidney Pills make lasting cures.

Grateful people testify.

Here's a case of it.

Mrs. Barbara B. de Escandera, 40 Greenwich St., Santa Fe, New Mexico, says I had as high an opinion of Dr. De Kidney Pills today as when I publicly recommended them in January 1907. I then said that for about year I was bothered by a dull ache and weakness across my loins and kidneys. I tried every and any exercise caused severe pains in my back. Hearing Dr. De Kidney Pills highly spoken of, I was induced to try them. The results proved beyond a doubt that Dr. De Kidney Pills live up to representations. The cure this remedy brought has led me to praise it on more than one occasion."
